ITS Window decals are now for sale. These 3.75" x 4.25" decals help support the ITS Trail while promoting the ITS Trail in the community. The decals cost only \$5 each. More after the jump...

You could put them on your car, your house, or anywhere you want to show support. The sticker is a cut-out with no material around the lettering. In the picture there appears to be a dark background around the lettering, but the picture was taken on a car window, giving the clear window around the lettering a dark appearance. The sticker shows off your support of the ITS Trail! If you would like a sticker for your car window, home, or business send us a note indicating how many you would like and \$5 for each decal to:ITS Trail Committee
