Sunday, 15 August 2010
Last Updated Sunday, 15 August 2010

What? The ITS Trail Committee will be sponsoring a Bike Safety Clinic (bike checkup, helmet giveaway, safety education, and much more!). Come to participate in sessions about riding safely on Illinois roads and how and why helmet wearing is important. Personnel from several community organizations will be on hand to talk to kids about safe bike riding and injury prevention. When? Saturday, August 28, 2010. The activities will start at 10:00 AM and go until 12:00 PM. Where? The South Water Tower Park in Staunton -- corner of Sixth and Union streets in Staunton, IL. Who? Any child in the 1st through 8th grades in the Southern Macoupin, Northern Madison, and Western Montgomery county areas near Staunton, Illinois. Why? It will be lots of fun! Plus the first 100 participants who complete the program will be given a free bike helmet, toothbrush, and other goodies. Snacks will be provided for the kids during the event.
